

## Products

Last Updated 05 Mar 07

To make things easy Flat White Designs offers a standard web design package which should meet the needs of most customers. Provision of this website comes at a fixed price. The provision of functionality or content beyond the standard package is charged separately.

Standard features include:

- Web-based facility for website update by the customer
- Site search engine
- Download manager
- Ability to generate PDFs from webpages for easy printing, storage and emailing
